Useful Ribbon Tools:

Home — Select ˅ — Selection Pane...

Home — Format Painter

Animations — Animation Pane

Animations — Animation Painter

Right Click — Bring to Front — Send to Back

Right Click — Edit Points

on a shape

Shape Format — Align ˅

My little bla bla about this list:

Your preferences or "taste" for websites might be different, so keep searching for new and exciting resources to use.

Everything can become all of a sudden a paid/premium service or vanish from the web, I can't account for that.
